\$0.44	\$0.40	\$0.38	\$0.35	\$0.33

\$0.47(R) Free Ground freight to one continental USA location
 Minimum Quantity: 2000pcs

Made of triple layered high quality filtering fabric to protect against airborne particles. The top and bottom layers are made of a soft non-woven and the middle layer is made of a special melt-blown fabric that helps block out germs from traveling spread via coughs, sneezes, or close contact. Comes with two elastic earloops and an adjustable wire to fit the bridge of your nose.

P2113 ON SALE

KN95 Mask

(5R)

200	1,000	2,500	10,000	25,000
\$2.80	\$2.60	\$2.45	\$2.30	\$2.20

\$2.15(R) Free Ground freight to one continental USA location
 Minimum Quantity: 500pcs

Made of five layers of high quality filters to protect against airborne particles. The top and bottom layers are soft but sturdy non-woven fabric to prevent irritation. The 2nd layer is a 40g hot air cotton, and the 3rd & 4th layers contain 25g Melt-Blown fabric, which will filter out more than 95% of harmful airborne bacteria. When worn, the mask has a three-dimensional shape that prevents the mask from touching your mouth & nose. The mask folds down flat with a seam in the middle for convenient packing and it comes with elastic ear-loops and an adjustable wire to fit the contours of your face.
